

DPC Trustees Meeting January 2016

Trustees in attendance: Steve Bohn, Chester Harris, Reiff Lorenz, Gary Wheeler
Trustees absent: Larry Scherr, Members present: Kevin Chandler,

Membership

We have 2 resignations, one request to go inactive, and one request to re-activate. We have 16 active members. There are 4 or 5 potential members who have expressed an interest.

Treasurer

The flying rates are now \$125/hr for the 182. Monthly dues are \$125. The club's financial statement is attached.

Safety

We will have some programs on the 182's autopilot and the Aspen. The club may need to require some training.

N199TX

The weather has not been cooperating with our plans to take the plane to Muncie for a replacement HSI. It has been rescheduled for next week.

Other

Hangar improvements: A whiteboard will be installed on the wall to aid in club communications. We'll try to fix the diesel engine heater and the snow blower. The winch will be replaced.

Some of the club equipment will be stored in the maintenance shack. A key for the shack will be added to the ring that has the airplane keys.

We believe that we can keep the club financially healthy with 12 or more members. We can keep scheduling conflicts to a minimum with up to 18 members. If we have membership applications that would push us into an overscheduled situation, we will establish a waiting list of membership.

The dues for inactive members was set at \$25 per month.
